## CLAIR DULL OF ASPERS HURT IN CAR ACCIDENT

Clair Dull, 52, Aspers, suffered a contusion of the shoulder Wednesday at 5:10 o'clock when his car skidded off the Bigerville Rd. 2½ miles north of here and struck a utility pole. State police said Dull was seeking to pass another auto when his car slipped off the highway causing \$400 damage to the auto. Dull was removed to the Warner Hospital in the local firemen's ambulance.

The accident was one of four investigated by state police Wednesday. At 2 o'clock Wednesday afternoon a tractor-trailer and a snow plow-equipped truck collided at Sprig's Garage along the Emmitsburg Rd. south of here. Police said Robert Green, Gettysburg R. 2, was plowing snow under contract with the state highway department and was seeking to turn his vehicle from the Emmitsburg Rd. into the Bullfrog Rd. when it was struck by a tractor-trailer owned by Safeway Stores and driven by George Daniel Shorter, Washington, D. C. Damage, all to the tractor-trailer was estimated at \$90.

### OTHER CRASHES

Damage totaled \$235 when two cars collided a half mile south of Abbottstown at 2:30 o'clock Wednesday afternoon at the intersection of the Hanover-Abbots-town Rd. and the road leading to the Lincoln Speedway. Police said O. J. Zeigler, 62, was traveling east on the Speedway road and pulled into the highway where his car was in a collision with a northbound auto operated by Herman Shue, 38, York. No one was reported injured.

The fourth accident occurred eight miles north of here on the Harrisburg Rd. at 12:30 o'clock Wednesday afternoon. Involved were a car operated by Hester Elizabeth Beck, 66, Silver Spring, Md., which had stalled on the road; a sedan being driven south by John Lamotte, 53, Augusta, Ga., and a tractor-trailer going north driven by John Gale, 49, Toronto, Canada. Damage totaled \$450.

State police said Mrs. Beck was driving south when she sought to slow for cars ahead of her. Her vehicle skidded into the lane for northbound traffic. The northbound tractor-trailer driver tried to drive his vehicle off the east side of the road but Mrs. Beck's car struck the trailer, then skidded into the lane for southbound traffic, coming to a stop there. Lamotte, also headed south, was unable to halt his car and it collided with the stalled Beck vehicle.

## GIRL SCOUTERS TO SING HERE MONDAY NIGHT

Two hundred Brownies, Intermediates and Senior Girl Scouts will gather Monday evening at 6:45 o'clock in front of the Hotel Gettysburg to present the ninth annual Girl Scout Christmas carol sing.

For the first seven years Girl Scouts throughout the county gathered at Gettysburg. When the numbers grew to 1,300 it was decided that troops in each community would present similar carol sings in their own communities. For the last two years the Gettysburg Neighborhood Girl Scout units alone have presented the Gettysburg carol sing. In each other community the troops there presented similar song festivals at Christmas.

Mrs. Robert Deardorff will direct the half hour program after which the girls will adjourn to the dining room of St. James Lutheran Church for refreshments.

The committee in charge of the local carol sing includes Mrs. Edward B. Bulleit, neighborhood chairman; Mrs. J. B. Collins, council president; Mrs. Gordon Webster; Mrs. Romeo Capozzi, Mrs. William Corbett, Miss Grace Myers and Mrs. M. Hardy Nichols.

Mrs. Bulleit announced that in event of inclement weather Monday evening, the same program will be presented at 6:30 o'clock Tuesday evening. In case of inclement weather WGET will announce any change of plans.

## Targets Of Revolt

Ethiopia's Emperor Haile Selassie, left, was on state visit to Brazil while Crown Prince Asfa Wossan, right, was reported a captive in Addis Ababa amid reports of a revolution. Effort to take over the government in Ethiopia was reported first in a message picked up by British radio amateurs from an unidentified source. (AP Wirephoto)

## Revolutionary Government In Ethiopia Seeks To Bar Haile Selassie From Coming Back

CAIRO (AP) — Ethiopia's revolutionary government, installed by palace coup, closed all airports today in an apparent effort to prevent the return of Emperor Haile Selassie.

The new government headed by the emperor's son, progressive-minded Crown Prince Asfa Wossan, 44, staged a bloodless revolution in Addis Ababa Wednesday while the almost legendary ruler was on a state visit to Brazil.

Outwardly unperturbed, the thickly bearded emperor, 68, Conquering Lion of Judah, cut short his tour and flew for home, but there were serious doubts that he would be permitted to return.

### GUNS ON ROOFTOPS

The new government, claiming the support of the imperial guard, army and police, banned all flights of aircraft into or out of the country—an action that could block the emperor from landing.

Machine guns were posted on rooftops in the capital where a dusk-to-dawn curfew prevailed. Units of the army guarded the American, British and Soviet embassies.

Calm prevailed in the capital, but normal communications with Addis Ababa were disrupted. Radio broadcasts and stray bits of information gave little idea of how the coup was being received by the rest of the 18 million Ethiopians.

### REPORT NEW PREMIER

One announcement said Ras Iry, former ambassador to India, had been made premier.

The proclamation of a new government made no mention of the emperor, so technically he was still the "king of kings" of Ethiopia.

But Crown Prince Asfa Wossan declared his aim was to end "3,000 years of injustice." This appeared to be a direct attack on the dynasty itself, which traces its origins to a union of King Solomon and the Queen of Sheba.

The coup came as a stunning surprise to those who know Ethiopia well. The emperor left his capital at the end of November for an extended trip through West Africa and Latin America. Ethiopia appeared untouched by the wave of nationalism and unrest

## \$40 Million Dollar Moon Rocket Destroys Itself 70 Seconds After Takeoff

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP) — The United States failed for the sixth straight time to send a satellite around the moon today when a giant rocket exploded in flight. The spectacular blast ended a four-shot Atlas-Able carrier rocket program—a \$40 million failure. It will be several months before U.S. space scientists have another favorable chance to make the shot.

American space scientists now must await development of more powerful rockets, expected next summer, for future moon launches.

### LURCHES AND ERUPTS

The 10-story tall rocket, carrying a 38-pound space craft in its nose, rose smoothly from its searchlight-illuminated pad at 4:11 a.m. EST today. The satellite was packed with electronic instruments designed to make the most extensive study ever attempted of the moon's environment.

"We don't know exactly what happened. The pieces fell in the ocean between eight and 12 miles offshore in 70 feet of water. We'll make every effort to recover

### Will Induct Two Countians In Jan.

The Adams County Selective Service board announced today that it has received orders to induct two Adams Countians for military service on January 16. The same announced said the board has two volunteers to send to fill the call.

## 2 INSTRUCTORS GIVE PROGRAM AT CLUB MEET

Karl Harshberger, instructor of dramatics at Gettysburg College, and Paul Grove, instructor of vocal music at Gettysburg High School, presented the program at a meeting of the Woman's Club of Gettysburg Wednesday afternoon at the YWCA.

Grove, accompanied by Miss Brenda Minter on the piano, sang three selections: "Nazareth" by Charles Gounod, "Go Tell It On The Mountain," a Christmas spiritual, and "Jesu Bambino," by Pietro Yon.

Harshberger, who had entertained the club on a previous occasion, gave the prologues of the play, "Our Town," in which he portrayed the stage manager, which was presented recently at Gettysburg College.

The second scene, three years later, the speaker told of the children born three years previously, previous students who have graduated and are now married, and other changes in the community.

In the third and final scene the time is nine years later. As described by the speaker, many of the prominent people have passed away and as he stands in the graveyard he reflects on the dead, pondering what their thoughts of the living might be and where their souls have gone.

### TWO OTHER SONS

The emperor also is reported to have had some differences with Asfa Wossan, and there have been rumors that he might bypass the crown prince in favor of some other successor. There are two royal sons besides Asfa Wossan.

No one supposed, however, that Asfa Wossan—plump, short and fun-loving and twice-married—would dare engineer a plot against his father.

He picked up modern progressive ideas while a university student in England and on a visit to the United States last year.

After his discussion, the nine members attending discussed managerial ability. Paul Lerew is chairman. The next meeting will be held on January 30 at the same place.

Schools throughout the state and all main roads were open. Philadelphia area schools were among the last to resume classes today after a three-day shutdown.

### BULLETINS

By THE ASSOCIATED PRESS

The U.S. Embassy and a French hospital have been hit by shellfire in the flaming battle for Vientiane, sending hundreds of French women and children and some Americans fleeing to Thailand.

As anti-Communist forces in Laos were reported driving leftist troops toward the vital airport outside Vientiane, the heart of the capital was in flames, said reports from Bangkok, Thailand's capital.

An artillery shell struck the U.S. Embassy today and the front of the building broke into flame.

WASHINGTON (AP) — President-elect John F. Kennedy said today he had offered the postmaster generalship to Rep. William Dawson, Chicago Negro congressman, but that Dawson declined it.

Kennedy made the announcement to newsmen from the front porch of his Georgetown home here. He said he was doing so because of much speculation that Dawson was going to be named to the Cabinet.

Kennedy said Dawson told him he felt it would be wiser to remain in the House in view of his 18 years of experience there.

ALGIERS (AP) — Moslems in the turbulent casbah today milled and shouted rebel slogans, but tough French riot forces kept disturbances confined to the ancient Arab quarter.

Early today troops and riot police permitted exit from the casbah, where some 80,000 persons live in filth and squalor, but they prohibited entry.

WASHINGTON (AP) — President-elect John F. Kennedy said today he would announce another Cabinet appointment — "maybe two" — later in the afternoon.

He put the time for a Cabinet announcement tentatively at 5 p.m. EST.

Passing this word to newsmen clustered around the ice-covered, sanded steps of his Georgetown home, Kennedy gave no hint as to the posts to be filled or the people to fill them.

## UNEMPLOYED TO COST STATE \$260 MILLION

HARRISBURG (AP) — Unemployment benefits cost the state about \$45 million dollars more than originally anticipated, the executive director of the State's Bureau of Employment Security says.

"We had hoped our out-go would be about \$215 million for 1960," said A. Allen Sulcove, Wednesday. "We now estimate it will be about \$260 million."

Sulcove blamed a "sliding off in business activity," resulting in increased unemployment, for an upward trend in payments during the last seven months of the year. The total unemployed reached 381,000 last month.

### EXPENDITURES

Expenditures for unemployment compensation ran 20 per cent behind 1959 until May, Sulcove said, but employment diminished in May and June and in subsequent months expenditures exceeded expectations.

Instead of finishing the year with expenses about 20 per cent less than 1959, he said, the estimated total is only about 3 per cent below last year's figure.

Sulcove estimated employer contributions which support the unemployment compensation fund would be increased by two-tenths of one per cent in 1961.

### DEPENDS ON TURNOVER

The average now is around 2 per cent, in assessments ranging from 1.6 per cent to 4 per cent. An employer's assessment depends upon his labor turnover. It is higher if he has a frequent turnover and lower if his work force remains more or less stable.

The rates are based upon changes made in the law in 1959. The law provided for a variable rate prior to that time also, but the fund had dropped so low that all employers were paying the maximum then allowed, 2.7 per cent.

The 1959 legislation also increased benefits to the unemployed.

Despite the increase in unemployment during 1960, Sulcove said, the 1959 legislation stemmed the tide of continuing fund losses.

"Our 1960 income will come to within \$5 million or \$6 million of meeting the out-go," he reported.

He said the fund should at least break even in 1961 and could gain from \$10 million to \$80 million if conditions are good.

### MAY HIT 40 TODAY

The Weather Bureau said the high today would reach 40 over the eastern section of the state, and 40 to 45 over western and central regions. Temperatures were expected to range in the mid 30s over mountain areas.

Meanwhile, storm attributed deaths rose to 31, with the death Wednesday of a mother and her six children who perished in a fire near Harrisburg.

## BOTH PARTIES TO BACK FAIR HOUSING LAWS

HARRISBURG (AP) — Bipartisan sponsorship has been arranged for fair housing legislation in the 1961 General Assembly, the chairman of the Pennsylvania Equal Rights Council reports.

Commitments have been secured from both parties for sponsorship of the controversial proposal, Walter Gay Jr., Philadelphia, said on Wednesday in an interview. Gay met earlier with Gov. Lawrence.

A fair housing law, with active support of the Lawrence administration, passed the Democratic House in the 1959 Legislature but was killed by a Republican-controlled Senate committee.

Prospects for the bill next year are considerably brighter with committees of both houses under Democratic control, Gay indicated.

### FORESEES PASSAGE

"I think it is going to pass," said Gay. "It would have last time if it had been reported to the floor of the Senate."

Lawrence, at a meeting with a nine-member delegation of the council, said his administration "will press vigorously" for a fair housing law.

Both Lawrence and Gay said the 1961 bill will be the same, with minor language changes, as the 1959 measure.

The 1959 fair housing law would have prohibited discrimination in the lease or sale of housing on grounds of race, color or creed. The only exception was in the case of owner occupied single homes and owner-occupied duplexes.

Gay declined to say who would sponsor the bill, but repeated that both Republicans and Democrats would sign the measures.

### Orrtanna

Irta O. Biesecker, 84, who has been confined to his home for the last week, is reported slightly improved.

### Extra Mail Box At P.O.

A special large mail box measuring four feet by four feet two inches has been installed in the lobby of the Gettysburg post office to accommodate the heavy volume of Christmas mail, according to Postmaster Jacob G. Apper. This box will take packages, letters and cards that have been properly stamped. It is set up for local and out-of-town mail.

Apper said the mail will be collected from the big box along with the regular pickups.

The postmaster, shown above, also announced that the parcel post and stamp windows will be open Saturday afternoon from noon to 4 p.m. The windows regularly close at noon. He added that beginning today there will be two mail deliveries per day until Christmas. Extra help was added at the office today. (Times photo)

### Sidewalk Santa Claus Finds Job In New York No Easy Matter

By HUGH A. MULLIGAN

NEW YORK (AP) — I was a sidewalk Santa Claus.

From 9 o'clock on a blustery morning to 6 o'clock on a rainy night, I courageously stood by my chimney on Fifth Avenue, ringing up a cyclone of Christmas cheer with my little brass bell.

By the time I handed back my beard and uniform to the Volunteers of America, my legs were drooping and my sled was dragging. Frankly, I'd had it. My head rang like the title piece in a J. Arthur Rank movie from all that ting-a-ling, and there wasn't the ghost of a hearty ho-ho left in my repertoire.

### SOME CONSOLATION

But I had the consolation of knowing that \$17.03 had been dropped into my chimney to rehabilitate Bowery derelicts and support the other charitable works of the Volunteers of America, which annually puts 2,500 Santas on the sidewalks of some 25 cities across the country.

My take didn't cause any bell ringing down at headquarters. The box had a quota of \$16 on even the worst of days, which shows that you don't become a top chimney Santa overnight.

As a matter of fact, you have to go college for three nights down on the Bowery to master the subtleties of the craft—things like not leaning on your chimney, and not eating garlic or onions, and not partaking of the wassail bowl during working hours.

### COLLECTIONS SLOW

I graduated magna cum mustache and was assigned a post on Fifth Avenue just outside Tiffany's and hard by Bonwit Teller's.

Collections were slow at the beginning but picked up around noon when thousands of girls poured

out of the nearby office buildings for lunch and a quick round of window shopping. It was a heart-warming sight for the tired eyes of a sidewalk Santa, especially since the beard and mustache provide excellent cover for concentrated girl watching.

Invariably they'd spot the diamond earrings in Tiffany's window and call out, "Hey Santa, that's what I want for Christmas."

### WANTED HUSBANDS

Minks, diamonds and sports cars topped the list for most girls, although several giggled and asked for husbands, and one, who didn't giggle, asked to have last year's taken back. A boy pushing a garment rack wanted a European cruise, a cop asked for something appropriate for the commissioner—"like a fall off a ledge"—and a horse player put in for "just one fat one at Aqueduct this afternoon, Santa, and it don't even have to be the double."

Court Approves Incorporation  
Of Society Here: Incorporation of the Adams County Historical Society was approved; a divorce decree was handed down; another divorce suit opened; 12 accounts were confirmed and a large amount of other routine business was transacted during a session of Adams county court today. Judge W. C. Sheely was on the bench with Associate Judges A. Dale Knouse and John C. Wible.

After brief testimony, the court handed down an order approving the articles of incorporation for the historical society which will begin its corporate existence as a nonprofit organization as soon as the articles are recorded at the court house. The society's name already had been registered at Harrisburg.

British Enter Libya; Greeks  
In New Offensive: Britain's desert fighters were reported today to have driven across the frontier into Italian Libya in the eight-day-old battle of Egypt. R.A.F. planes bombed Berlin in "prolonged" attacks, and the Greeks launched a fierce new offensive toward Elbasin, in central Albania.

A British General headquarters communiqué said advance forces of the counter-invasion army were "well across" the Libyan frontier. The goal of the British drive appeared to be Bardia, 25 miles inside Libya.

Harry Snyder Expires; Mt. Joy Justice 50 Yrs.: Harry A. Snyder, 70, of near Two Taverns, died this morning at 8 o'clock along Alloway's Creek, Mt. Joy Township, where he had gone to check traps.

Fred Kelly, a neighbor boy, was with Mr. Snyder when he fell over and called Dennis Epley, a farmer residing nearby, who assisted him when he fell over the bank.

2 Volunteers Go To Draft Induction Center Today; State Quota May Be 4,023: John David Hawk, 26, 209 S. Queen Street, Littlestown, and Joseph Eugene Smith, 23, Centennial, who volunteered for immediate induction for a year's military training to fill the initial quota of two men for District No. 1 of Adams County came here from New Oxford this morning and at 11:30 o'clock, after dining at a local restaurant, took a bus for Harrisburg and the Army induction station.

York Countian Hit By Bullet  
That Kills Doe: Saturday, the last day of the deer hunting season in Pennsylvania, found the mountains of this county swarming with hunters. Few deer were seen and fewer taken, while the day was marred by the county's only accident of the season.

Benjamin F. Lehman, 76, York R. 6, was shot through the left forearm by one of three bullets with which a companion, Gilbert Shill, 26, 351 High Street, Hanover, brought down a doe in Carbaugh's Hollow, Hanoverton township, near the Franklin County line. The mishap occurred about 2:30 o'clock.

War Department To Train Surgeons For Army: Washington — The war department took steps today to train surgeons and other medical personnel for the expanding army. It authorized \$584,056 to construct quarters for reserve officers and 750 enlisted men at the Walter Reed general hospital in Washington.

The reserve officers will pursue special courses in surgery and general medical practice. The enlisted personnel will get technical training as laboratory, X-ray and dental technicians, ward masters and ward nurses.

## Today's Talk

## A DAY BRINGS CHANCES

In the first place you can do with a day about as you choose. It comes to you with no reservations. If it is a rainy day you may enter it with the spirit of gloom and don't-care-ness, or you can say to yourself: "Now things will be fresh after this rain—to-morrow!"

The thing that makes the new day especially attractive to me, however, is that it may be started fresh. No matter how full of mistakes, discouragements or failures yesterday may have been—the new day that comes is like a clean slate. You can begin all over with it.

There is always something interestingly new to learn as each new day unfolds.

New people to meet, new books to find and read and get thrills from, new viewpoints, new beauties in nature to wonder about, new experiences—new chances to help someone to be happier! These are just a few of the things that a day brings.

Some go into a day and miss everything. As though its fruits were hidden underneath dense foliage. But there are others who enter every day expecting great things, go after them—and get many that they never dreamed of getting.

For each day is a good deal of a surprise. It looks quite the same as every day that has preceded it, but in reality it is all new. Therefore a virgin field for work and achievement.

See how much you can put into each new day. This is necessary if you hope at all to take anything out.

## Just Folks

## HIS PLAN

He didn't wait for riches to be kind unto another;  
He didn't wait for sunny days to smile upon a brother;  
He didn't tell a weaker soul he'd help when he grew strong;  
But what he had he gladly shared with all who came along.He didn't say: "Tomorrow I may smooth another's way,  
Perhaps I'll have a minute that I cannot spare today,  
Perhaps I'll find a better opportunity for good."

When he saw a chance for kindness he employed it while he could.

He lived each day out nobly, just as though it were his last,  
And as though he knew the future wouldn't bring back what had passed;

He gladly shared his little with the poorer that he met,

And when his final evening came he'd nothing to regret.

G.O.P. BOARD  
GIVES ILLINOIS  
TO KENNEDY

SPRINGFIELD, Ill. (AP) — President-elect John F. Kennedy won the postelection battle of the ballots in Illinois Wednesday. His title to it at 27 electoral votes was certified unanimously by the Republican-controlled State Electoral Board.

Certification by the board assures Kennedy of 300 electoral votes, 31 more than the minimum needed to elect, unless some of the Southern electors chosen under the Kennedy banner decide to stray. Vice President Richard M. Nixon has 223 electoral votes.

The next regular meeting of the class will be held on Tuesday, January 10, at 8:30 p.m., following the community preaching mission service with Mrs. Marguerite Bain as hostess.

The Germany Twp. School Board did not have a quorum present for the monthly meeting on Tuesday and has called another session for this evening following a special meeting of the joint board.

## INSUFFICIENT EVIDENCE

The board ruled there was insufficient evidence to back up Republican charges of wholesale vote fraud in heavily Democratic Cook County, including Chicago.

At one point in the bitter weeks since the Nov. 8 election, Gov. William G. Stratton, lame duck Republican who heads the board, threatened to withhold certification if tangible proof of fraud were presented. He stated Wednesday: "I don't feel this showing has been made today."

The official tallies show Kennedy carried Illinois by 8,858 votes out of nearly 475 million cast. Kennedy piled up his margin in Cook County, offsetting Vice President Richard M. Nixon's edge downtown.

The dragonfly is depicted on some prehistoric New Mexican pottery and in ancient Oriental paintings.

Rev. Samuel A. Garrett, pastor of Bethel Assembly of God Church, along the Fish and Game Rd., has announced that a Christmas program and pageant entitled

"Follow the Star," will be presented on Sunday at 7:30 p.m. The pageant is being directed by Mrs. Eston Franks. There will be gifts for all children present on Sunday evening. The Christmas Day service will include Sunday School at 9 a.m., and worship service at 10 a.m. There will be no evening services on December 25.

## ANNOUNCE MUSICAL

Prizes will be awarded and refreshments will be available at the weekly public party in St. Aloysius Hall on Saturday evening beginning at 8 o'clock.

Charles Osborne, Wyoming, spent the weekend with his mother, Mrs. Audrey Osborne and his brother-in-law and sister, Mr. and Mrs. Richard Emerson, S. Queen St. extd.

Frank E. Basehoar, principal of the Littlestown High School, has announced that the annual Christmas musical by the high school students for the public will be held next Wednesday at 8 p.m. in the school auditorium. The members of the jointure Parent-Teacher Association are especially invited to be present as there will be no December session of the PTA. The affair was previously scheduled for next Tuesday.

## PETE, GLADYS DROP BABY OUT OF TV SCRIPT

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Pete and Gladys Potter have coolly and deliberately abandoned their baby girl. But before you condemn them or call the authorities, listen to their excuse: The infant girl was giving them script troubles.

Viewers with long memories will recall that Pete Potter was a neighbor who frequently dropped into Spring Byington's house in the "December Bride" series. Now Pete, played by Harry Morgan, is the star of his own series, "Pete and Gladys" and his wife, who was often referred to but never seen, has materialized in the shape of pretty Cara Williams.

The Potter baby was born on "December Bride," and Pete brought the news, so the baby was as faceless as his wife.

### PLOT PROBLEMS

"Even at the beginning of the new series, the baby presented plot problems," confessed Morgan. "We solved it temporarily by explaining that the baby was staying with Gladys' mother until Pete and Gladys got settled in their new home."

But now they have quietly abandoned the poor child.

"We just had to cut her out," he said. "She just made things too complicated."

### Firemen Oppose Md. Fire Marshal

The Taneytown Fire Company at its meeting Monday night voted to purchase an additional 100 feet of three-quarter-inch booster hose and a float strainer.

The company went on record as being opposed a central alarm control for Carroll County and also against having a state fire marshal.

The fire chief reported six fire calls and eight ambulance calls during November. Bills amounting to \$29.81 were approved for payment while the month's receipts were \$1,480.25.

It was announced that two walkie-talkies had been received and are now in service. The chief said his crew will collect discarded Christmas trees on January 7.

Stanley King, a former vice president of the company, was appointed by the retiring president to install the 1961 officers.

### TO HEAR LAWRENCE

Democratic members of both houses were to meet later, hear speeches by Gov. Lawrence and other party leaders, then caucus separately and elect officers.

Top brass, including Gov. Lawrence and U. S. Rep. William J. Green, the Philadelphia Democratic chairman, met Tuesday and again Wednesday night to work out agreement on the leadership positions.

They reportedly decided to endorse for re-election the present House leaders, but their decision on the Senate was not known.

Speculation was that the post giving leaders the most trouble was that of Senate president pro tempore—the job held by Sen. M. Harvey Taylor, R-Dauphin, for the past 15 years.

### WEINER POPS UP

Taylor will be forced out of the

powerful position because Democrats will have organizational control of the Senate for the first time in 22 years.

The name of Sen. Charles R. Weiner, a Philadelphia Democrat who has been floor leader in the past two sessions, popped up frequently in speculation about both the pro tempore and floor chieftain posts.

Sen. William J. Lane, Washington, and Hugh J. McMenamin, of Lackawanna, also were mentioned in speculation about the floor leader but most insiders thought the post would go to Weiner.

### FOR TAYLOR JOB

Talked of as possibilities for Taylor's post—one that carries with it substantial power and patronage—were Sens. Anthony J. DiSilvestro and Israel Stiefel, both of Philadelphia. Both have been in the Senate since 1936.

McMenamin and Sen. Benjamin Donowho, Philadelphia, were mentioned as possibilities for the post of assistant floor leader or whip.

Democrats will control the House 110-100 in the next session. The division between the two parties will be 25-25 in the Senate.

However, Lt. Gov. John Morgan Davis, a Democrat, can give his party control by casting a tie-breaking vote in organizing the tie.

### A NEW FACE

The present House leaders are Rep. H. G. Andrews, Cambria, speaker; Stephen McCann, Green floor leader; James J. Dougherty, Philadelphia assistant floor leader (Whip); Jules Filo, Allegheny, the caucus secretary.

The important job of caucus chairman will have a new face, however, since Rep. Philip Lopresti of Cambria was defeated in last April's Democratic primary in his bid for a Senate seat. An informed source, who said the sur-

LITTLESTOWN — Mrs. Bertha Shull was in charge of devotions at the monthly meeting and Christmas party of the Woman's Society of Christian Service of Centenary Methodist Church held at the church on Tuesday evening. The yuletide program consisted of carol singing, led by Mrs. Anne Musselman; readings, Mrs. Jean Harner and Mrs. Esther Beachtel; vocal solo, Mrs. Lois Sells. During the business session, final plans were made to have a cookie and candy sale on Friday at 3 p.m. at Super Thrift Market on N. Queen St. and the engine house.

During the social hour, gifts were exchanged and secret sisters revealed. It was decided not to have secret sisters in 1961. The Christmas socks were handed by Mrs. Usa Wulfert, Mrs. Anne Musselman, Mrs. Mary Byers and Mrs. Jean Harner. It was decided to hold the next meeting one week early due to the community preaching mission. The meeting will be held Tuesday, January 3, at the church and the hostesses will be Mrs. Helen Barton, Mrs. Edie Hanlon and Mrs. Olive Randall.

The members of the Elta Tau Chapter of the Beta Phi Sorority will entertain their children at a Christmas party on Saturday from 2 to 4 p.m. at the home of Dr. Leah A. Maitland, Maple Ave.

Living leaders would be re-elected also said Rep. Anthony J. Petroski of Westmoreland County would succeed Lopresti.

Lopresti, the source said, would become secretary of the House. Joseph Omitsky of Philadelphia, would remain in the top non-legislative job of chief clerk, the

source added.

PITTSBURGH (AP) — The Pittsburgh Steelers football team hasn't been able to practice this week, but Coach Buddy Parker says he isn't worried.

The players had their usual day off Monday, and a snow-coated practice field prevented them

from tuning up Tuesday and Wednesday for the closing game of the season against the Cardinals at St. Louis next Sunday.

The arrangement committee comprises Mrs. Miles R. Fasnacht Jr., Mrs. Gene R. Renner and Mrs. Richard D. Thomas.

A holiday party and covered dish supper will be featured at the December meeting of the Young Women's Bible Class of St. Paul's Lutheran Church on Monday at 6:30 p.m. in the church social hall. Each member is asked to take a covered dish to pass and a gift for exchange. The hostess committee is composed of Mrs. Earl Basehoar, Mrs. Harry Snyder and Mrs. Robert Snyder.

The Senior Choir of St. Paul's Lutheran Church will not rehearse this evening as previously announced.

The banquet and Christmas party of Christ United Church of Christ has been postponed from Friday to Monday at 6:30 p.m. in Grace Lutheran Church parish hall, Two Taverns.

## Sen. Kefauver Says Boxing Under Strangling Control From Racketeer Monopoly

By G. MILTON KELLY

WASHINGTON (AP)—Sen. Estes Kefauver, D-Tenn., called today for swift action by Congress to rescue professional boxing from racketeers he said now hold it under strangling monopoly control.

Adjourning hearings on boxing rackets until some time in January, Kefauver said Wednesday there is urgent need for creation of a federal boxing commission to sweep hoodlums out of the sports and enforce laws he also suggested.

He ordered his staff to start drafting such legislation at once. He told his Senate Antitrust and Monopoly subcommittee that if Congress does not act speedily, "the sport might very well pass from the American scene."

## LICENSE EVERYONE

He proposed that the commission stay in existence for only three years and in that period license everyone who participates in interstate matches. He said this would include boxers, managers, promoters and even the men in television who engage in boxing promotions.

Anyone participating in such a match without a license, in undercover deals or otherwise, would be subject to criminal penalties, and so would anyone offering bribes in boxing, under his program.

The hearings featured testimony of behind-the-scenes control of boxing by racketeers. Summing up, Kefauver called it a story that showed monopolistic control by the underworld of nearly all major bouts.

In the dramatic windup of the hearings, New York mobster Frankie Carbo was brought from his Rikers Island, N. Y., prison cell for questioning about his role as an underworld monarch of box-

### Cleveland Beats Bears Sixth Time

By THE ASSOCIATED PRESS  
The Cleveland Barons expressed thanks today that the Hershey Bears also are in the American Hockey League.

The Barons defeated the Bears for the fifth straight time this season Wednesday night as they strengthened their hold on second place with a 3-1 decision in the league's only game. Cleveland held a 7-point lead over Buffalo, Hershey and Quebec, who are tied for third.

Hershey jumped off in front at the 13-second mark of the first period when Pete Conacher scored. The Barons, however, bounced back for the lead midway of the second period on two quick goals by Moe Mantha and Cal Stearns.

### LIONS CLING TO LAST HOPE

DETROIT (AP)—An entire season may be bunched into one football game for the Detroit Lions Sunday.

A loss by the Green Bay Packers on Saturday afternoon against Los Angeles Rams will open the way for a title bid by the down, the up Lions.

The Packers can wrap up the Western Conference championship of the National Football League by winning Saturday.

## DETERMINED MASS

After the ceremony the fans made a quiet, determined mass of humanity when Jimmy and his bride—Jimmy grinning for the first time since long before the nuptials—tried to get out of the division crowd.

Even if Green Bay wins the division title, the Lions will have plenty at stake in Sunday's clash against the already-eliminated Chicago Bears. A second-place

finish can mean a spot in the NFL's first runnerup game at Miami Jan. 7.

A game against the Bears always has plenty of enthusiasm but Saturday's may be one of the roughest of the year. The two teams met in Chicago a few weeks ago and the Bears won 28-7.

An official decision was not rendered on the slam-bang fist fight that broke out between players of both clubs near the end of the game.

As de Luca, of Troy, N.Y., getting them hitched.

Also present were Margie's parents, Mr. and Mrs. Jack Little, of Scotch Plains, N.J. The best man and matron of honor were Clement Hirsh, a manufacturer from Northbridge, Calif., and his wife,

## TRIAL GOES ON TODAY AT EBENSBURG

EBENSBURG, Pa. (AP)—Testimony continues today in the embezzlement trial of Commissioner Frank J. Burns of Cambria County.

Burns, a former superintendent of the county home, is being tried on a charge that he took payments made in behalf of a patient, Mrs. Cora Butterbaugh of Windber.

Mrs. Butterbaugh's son, Floyd, testified Wednesday he made 15 monthly cash payments of \$65 during 1958-59 to clerks in the county home office.

## ON 17 COUNTS

Four clerks testified they gave the money either to Burns or his wife.

Mrs. Bess Rupert, a deputy county controller, testified her office records showed only seven monthly payments for Mrs. Butterbaugh were received in the county treasury during the 15-month period. Mrs. Rupert said three of these payments were for 1960.

Burns is being tried on one of 17 embezzlement counts accusing him of keeping a total of \$8,222 paid by patients or their relatives in 1957 through 1959.

Burns was county home superintendent from 1941 until this year when he became a county commissioner.

A Green Bay defeat will make possible a three-way tie for the division crown.

Even if Green Bay wins the division title, the Lions will have plenty at stake in Sunday's clash against the already-eliminated Chicago Bears. A second-place

finish can mean a spot in the NFL's first runnerup game at Miami Jan. 7.

## KENNEDY IS CONSIDERING JOB FOR LBJ

By JACK BELL

WASHINGTON (AP)—President-elect John F. Kennedy is reported considering designating the incoming vice president as a trouble shooter to improve U. S.-Latin American relations.

This may be one of the outside assignments Kennedy indicated during the presidential campaign he had in mind for Sen. Lyndon B. Johnson of Texas.

Any designation of the only other nationally elected official of the government to deal with the problems of hemisphere countries—including Prime Minister Fidel Castro's Cuba—would emphasize the importance Kennedy places on re-establishing good neighbor policies with republics of the south.

### HAS HIGH HOPES

Shortly after the election, Kennedy predicted at Hyannis Port, Mass., that Johnson, the retiring Senate majority leader, would become the most effective vice president in modern times. He indicated he would ask Johnson to take on even more duties than President Eisenhower assigned to Vice President Richard M. Nixon.

As the Senate's majority leader and as a Texan, Johnson has taken pains to establish warm relations with President Adolfo Lopez Mateos of Mexico.

The two men maintain regular

### KING OF NEPAL TAKES CONTROL

KATMANDU, Nepal (AP)—King Mahendra of Nepal today personally assumed control of the government, ordering the arrest of Premier B. P. Koirala and other members of his elected government.

The king succeeded to the throne on March 13, 1955. The Koirala Cabinet was formed in May 1959, under a constitution granted by the king in February 1959.

From the middle of the 19th century, Nepal was ruled by the Rana family, which provided the hereditary prime minister of the country.

After World War II a revolutionary movement in 1950 and 1951 restored to the monarchy the powers it had lost 104 years before and broke the hereditary power of the Ranas.

The first general elections in February 1959, resulted in overwhelming victory for the Nepali Congress.

There was no immediate ex- ploration for the takeover by the 39-year-old monarch who recently returned from a tour of the United States and Europe.

communications and Johnson visits Mexico nearly every chance he gets. Lopez visited Johnson's Texas ranch earlier in the year.

Johnson's acquaintance with problems of other Latin American states has been enhanced by his experiences as chairman of an appropriations subcommittee which passes on the money for State Department programs in that and other parts of the world.

## Fraternity Host To Youngsters

Santa Claus, who is near the center of the photo almost obscured by youngsters he is holding on his lap, reached the annual Christmas party at the Phi Gamma Delta fraternity house on the Gettysburg College campus and handed out gifts to the nearly 90 youngsters invited to the affair by the Adams County chapter of the Red Cross. The party had been postponed from Monday because of the snow. There were music, games and lots of refreshments for the guests and members of the Chi Omega sorority helped the fraternity boys play host. (Times photo)

SANTA and the BOY FISH by Lucrece Hudgins Beale

## RAILROADERS GIVEN LOOK AT MISSILE TRAIN

**SYNOPSIS:** After an adventurous flight from Santa Land in Costenbricker's parasol, Michael and the old man have arrived at their destination—the island where the ship containing the black pearl went down. Eagerly, Michael dons his diving mask, flippers and lung to search for the wreck.

Chapter Ten

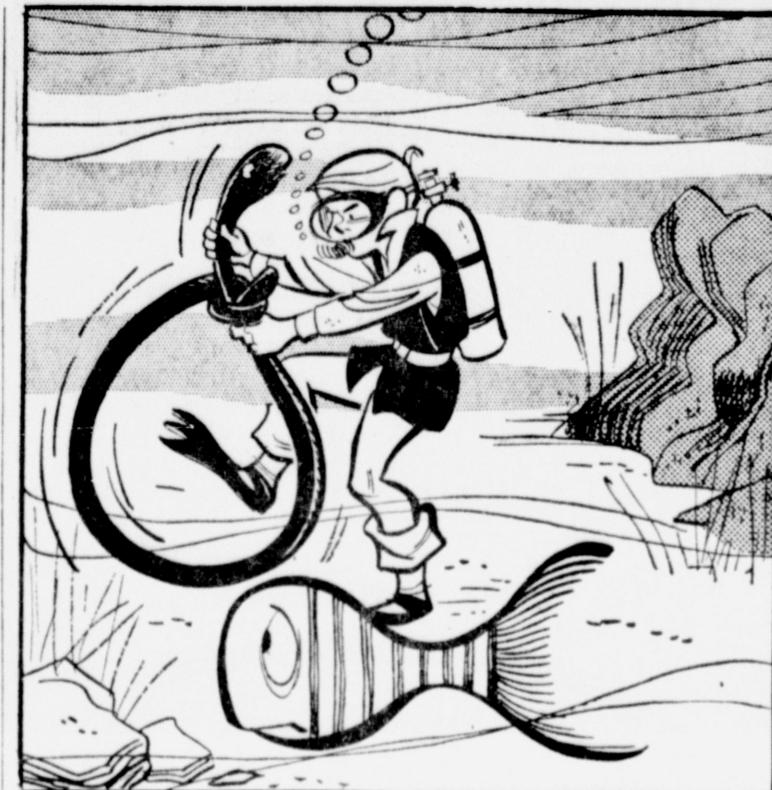

**THE SEARCH FOR THE SHIP**  
With a thrust of his flippers, Michael dove deep into the sea. Breathing air from the lung on his back he glided down, down, down.

What a strange sensation it was! He felt as if he were weightless, floating through space. He laughed and turned a lazy somersault and landed with a soft plop in a meadow of crimson grass at the bottom of the sea. "Grunt!"

Michael looked down in amazement. A blue stripe fish darted around his legs, grunting furiously. Chasing the grunt fish was an eel-like creature, 10 feet long.

Before he had time to be afraid, Michael grasped the astonished eel by the head and tail, tied it into a knot and sent it rolling like a hoop across the ocean floor.

The grunt fish stared at Michael in awe. It darted away and, a moment later, returned with all its brothers and sisters. With a chorus of happy grunts they surrounded Michael. He had made his first ocean friends.

Michael tied the astonished eel into a knot.

Other fish came to see the Boyfish learned how to lie motionless in the water, how to turn quickly, and how to dive without making a single ripple in the water.

Never had he had so much fun. Then he remembered Costenbricker waiting in the row boat far above him.

"I've played too long," he thought guiltily. "I must find the black pearl."

Surrounded by his new friends, he swam off to hunt for the sunken ship. Everywhere he went there was some new marvel to be seen but not a sign of the wreck. At last he swam back up to the surface.

"Did you find her?" asked Costenbricker eagerly.

Michael shook his head.

"Take the oars," ordered Costenbricker. "We'll try another spot."

They rowed to another spot but when Michael dove again, it was the same story: there was no wreck to be seen. That night they beached the boat on an island and slept curled up beneath Costenbricker's spreading parasol.

The next morning they set out again to search the sea. Still there was no sign of the sunken ship.

Day after day went by and Michael began to doubt that there ever had been such a ship. He thought of Santa and the sleeping elves. "What if there really wasn't any wreck and no pearl to be found?" he wondered. "How then will Costenbricker ever remember the magic words that will waken the elves in time for Christmas?"

## Mob Of 5,000 Moslems Taunt French Soldiers In Algiers

By ANDREW BORWIEC  
ALGIERS (AP)—A mob of some 5,000 roared through the lower reaches of the Moslem quarter Wednesday shouting nationalist rebel slogans and taunting French soldiers guarding entrances to the native city.

Swarms of Moslems went through the twisted streets of the Casbah shouting "Abbas to power"—rebel Premier Fehrat Abbas—and "Moslem Algeria."

Riot police and soldiers stood tensely, guns and mortars ready to fire.

A crowd of Moslems greeted Associated Press staff members, Andrew Borwiec and David Mason, when the two entered the Casbah. They raised Mason's arms over his head and cheered him when told he was an American newsmen.

### "THIS IS INSURRECTION"

"This is the insurrection," Moslems shouted. "We are fighting to the end."

Other Moslems told Borwiec and Mason that soldiers "killed and wounded many" during disturbances during the night. French officials said shots were fired but that there were no deaths.

It was one of the wildest demonstrations ever to rock the Casbah. It centered around the Jewish synagogue which was looted Monday. Some Moslems began looting stores. The crowds swayed back and forth in emotional aban-

### QUIET IN ORAN

At Oran, to the west, all was reported quiet. A general strike which paralyzed the city's economy was over. The right-wing Front for French Algeria launched the strike, then rescinded it.

Moslem rioters and the determined resistance of French settlers have confronted France with one of the gravest situations in her attempts to end six years of the nationalist fight for independence.

No one any longer spoke of fraternity between Moslem and Frenchman after five days of bloody rioting which killed 123 persons and wounded more than 500.

The Moslems, who sustained most casualties, shouted that French bullets had destroyed all hopes of Algerian union with France.

## MIDDLE AGE BRINGS MAN WISE CRACKS

By HAL BOYLE

NEW YORK (AP)—Remarks a middle-aged man gets tired of hearing:

"Now, Jim, take it easy. Remember, none of us is getting any younger."

"Daddy, did you ever play with Abraham Lincoln when you were a boy?"

"Well, if you feel up to it now, let's go back on the court and start the third set."

### WIFELY CONCERN

"I know it looks appetizing, but I warn you—it's got 650 calories."

"After looking up your date of birth, we thought you might be particularly interested in this policy providing security in your old age."

"Here, hand me that snow shovel. After all, you're the only husband I have—and I don't want to lose you."

"You stand with your feet together, knees stiff, then you twist sideways, bend down and—"

### THAT WAS YEARS AGO

"Yes, he was one of our first junior executives, but that was 25 years ago."

"I'm from Scout Troop 40, sir. May I be of service to you on this icy corner?"

"Have you made out your will?"

"At your age you ought to have more sense than to go out without your muffler and galoshes."

"Wake up, Jim. You're not going to waste another Sunday afternoon napping, are you?"

"Pass the pretzels, Gramps, and flake off with that jazz about the free lunch counter in the old days."

### GOLDEN YEARS"

"I know I can trust you, Mr. Arbutnott. You're too old—I mean, you're not like the rest of these office wolves."

"Here, take my seat, sir."

"After 40, they say, anything can happen."

"Junior is looking at the sports section, dear. Do you want the obituary page?"

"These are the golden years, eh, Jim? Wouldn't you hate to be young again?"

"It's time for your medicine, dear."

NEW YORK (AP)—George Arents, 85, industrialist and inventor, died Tuesday. He was as-

sociated with the American Tobacco Co. from 1896 to 1905; was one of the founders of the American Machine & Foundry Co. and also was a founder of the International Cigar Machinery Co. He and the late Rufus L. Patterson obtained the initial patent for the machine manufacture of cigars.

The president-elect, in his search for the key men who will help him run the government, apparently sought the best advice he could get on the best men for the jobs when he didn't have strong opinions of his own.

He knew Udall, Ribicoff, Hodges, Bowles, Stevenson and Williams. But he never had met Rusk or McNamara until this past week. And he hardly knew Bell.

Even the three men he picked for jobs next to the top or close to it had managerial experience as governors: Rep. Chester Bowles, D-Conn., undersecretary of state; ex-Gov. Adlai E. Stevenson of Illinois, ambassador to the United Nations; and Gov. G. Mennen Williams of Michigan, assistant secretary of state for African affairs.

With one exception — Stewart L. Udall, Arizona congressman whom Kennedy chose as his secretary of the interior — all the top appointees are men actually coming out of managerial jobs of one kind or other.

Two are governors: Abraham A. Ribicoff of Connecticut, the new secretary of health, educa-

tion and welfare, and Luther H. Hodges of North Carolina, who will be secretary of commerce.

Dean Rusk, whom Kennedy named this week as his secretary of state, had in effect a very special managerial job. He was head of the Rockefeller Foundation.

None of Kennedy's top appointees has such national prominence that he is apt to overshadow the president. Nothing in the background of any of them indicates he would want to.

## James MARLOW Reports

The Associated Press

WASHINGTON (AP) — The

picture of President-elect John F. Kennedy's administration emerging from his Cabinet choices is

one of quiet, highly intelligent, driving efficiency with him in control.

He has been patiently surrounding himself with a bunch of managers.

Each of his five Cabinet appointments appears to be an extremely well-controlled, unassuming, non-flamboyant individual who, so far, at least, has carefully avoided the kind of pronouncements which make headlines.

The Eisenhower administration wasn't very old before Secretary of State John Foster Dulles and Treasury Secretary George Humphrey were both dominant forces. And President Eisenhower leaned on both tremendously.

## New Secretary Of Defense Will Sacrifice \$3 Million

DETROIT (AP)—Why would a man be willing to lose some \$3 million in exchange for \$25,000 a year and the title of secretary of defense?

Because, says Robert Strange McNamara, "Personal considerations must be subordinated to the responsibility to serve the president of the United States and the public on request."

McNamara announced Tuesday that he was going to leave his job as president of the Ford Motor Co.—a post he has held for slightly more than a month—to join President-elect John F. Kennedy's Cabinet as defense secretary.

### WILL SELL STOCK

McNamara, 44, said he planned to get rid of his 24,705 shares of Ford stock and the options he holds on 30,000 other shares.

"I will forego profit of about \$3 million over the next three to four years," he said.

All this for \$25,000 a year and the tremendous responsibilities of

## PROS SEEKING PARSEGHIAN

MINNEAPOLIS (AP)—Disclosure of a secret meeting between Coach Ara Parseghian of Northwestern and the Minnesota Vikings' top executive left the Vikings embarrassed today and still hunting for a coach.

"I regret that Mr. Parseghian is put on the spot because he is under contract to Northwestern University," said Vikings' General Manager Bert Rose.

"It surely is no reflection on that school or Mr. Parseghian that we have conducted talks. We are seeking the best man available and will leave no stone unturned."

Parseghian, Northwestern coach since 1956, came into town unannounced Tuesday and met with Rose at a suburban country club.

News of the meeting got out, however.

Rose described his talk with Parseghian as exploratory.

Parseghian could not be reached for comment.

A decision on the Vikings' coach, Rose said, "certainly is not far away."

## Cigar Industry Booming As 7 Million Are Smoked This Year

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — Christmas holds out two hopes for the cigar industry:

1. Gift sales should push the year's total consumption well above the 6.9 million smoked last year.

2. And the gift box may convert some recipients into regular cigar purchasers once the box is emptied.

## SAME DREAM

U.S. cigar makers, of course, have the same dream when they think about the population explosion: More proud dads handing out cigars, more cronies subjected to the urge to buy some themselves.

Cigars could use some encouragement today. Sales rose

slowly year by year. But of late there's been the hubbub in the Cuban tobacco market with its effects on the local production and consumption still not fully as-sessed.

And then there's the tax in a number of states that adds to prices and tends to act as a brake on sales.

## BIG COMEBACK

The Cigar Institute of America says that nevertheless the industry has made a big comeback in the last 10 years, after going into a decline in the 1940s. It thinks new packaging ideas have helped, along with a drive to interest younger men, once all but lost to the industry.

The Cigar Manufacturers Association of America, Inc., reports not only more cigars smoked in

each of the last four years, but the gain has been greater than the growth in the number of males 21 and over. So per capita consumption, put at 119 in 1956, is now estimated at 138 in 1960.

## MORE SMOKERS

In the good old days of 1920 there were 31,556,000 males 21 and over, smoking 8,502,000 cigars, for 269 per capita. Cigars would like to see today's 52 million men old enough to vote blowing smoke rings from a lot more than the 7,160,000 cigars estimated to be sold this year.

Gains since the 1940s when consumption sank as low as 4.7 million cigars, are hailed by the institute as springing largely from two things:

1. Production and packaging changes. Attractive boxes have helped and so has the idea of multiple-unit packaging. Cigars are now put up in packs of 3, 5 and 10 cigars, so that the consumer can buy as many as his pocket change allows, instead of the single one he used to buy.

## BLAMED WAR

2. Stylizing. This has been aimed largely at the men in the 20 to 30 age bracket. Manufacturers have been putting out smaller or slimmer cigars, so that the novice won't feel as if the big cigar is smoking him instead of the other way around.

Cigars tend to blame the war for the loss of the trade in the younger age brackets. Cigar smoking waned under war conditions. And it's been a fight to get younger men to look on the cigar as anything but an older man's smoke.

## MRS. F. E. COULSON

YORK SPRINGS — The Mademoiselle Club recently entertained husbands at the annual Christmas banquet in Zerbe's holiday room, York Springs. A turkey dinner was served. Gifts were exchanged and secret sisters were revealed.

At another meeting of the Mademoiselle Club, the following officers were elected for 1961: President, Mrs. Florence Smith; vice president, Mrs. Jeannette Frost; secretary, Mrs. Myrtle Kennedy; treasurer, Mrs. Miriam Zapp; assistant treasurer, Mrs. Dorothy Miller.

The York Springs Church of God Missionary society met at the home of Mrs. Blanche Crist Friday for the December meeting with 11 members present. Mansberger was in charge. In the absence of Mrs. Donald Roemer, The York Springs Methodist Church midweek study classes will not meet until after the holiday season. The exact time will be announced later. Choir rehearsals on Thursday evening at 7:30 o'clock. The Wesleyan Service Guild will hold its annual Christmas party Friday evening in the parish house. The students of Mrs. Janet Lory will present a recital in the church Saturday at 7:30 p.m. The children's Christmas party will be held in the Sunday school department at 1 p.m. Saturday. A candlelight service and Christmas program service will be held on Sunday at 7:30 p.m.

Donald Sheaffer, Spencer Stambaugh, Robert Smith and Emory Golden entered the 1960

years' total consumption well above the 6.9 million smoked last year.

2. And the gift box may convert some recipients into regular cigar purchasers once the box is emptied.

## SAME DREAM

U.S. cigar makers, of course, have the same dream when they think about the population explosion: More proud dads handing out cigars, more cronies subjected to the urge to buy some themselves.

Cigars could use some encouragement today. Sales rose

slowly year by year. But of late there's been the hubbub in the Cuban tobacco market with its effects on the local production and consumption still not fully as-sessed.

And then there's the tax in a number of states that adds to prices and tends to act as a brake on sales.

## BIG COMEBACK

The Cigar Institute of America says that nevertheless the industry has made a big comeback in the last 10 years, after going into a decline in the 1940s. It thinks new packaging ideas have helped, along with a drive to interest younger men, once all but lost to the industry.

This is the important reason for our extra hours. It's a traditional service we provide because illness doesn't keep bankers' hours either.

## Says Self-Discipline And Control Needed By Youths

MRS. HELEN D. TUNISON  
Home Economist

Disciplining itself is no problem. It is what parents expect of it that makes trouble. Most parents are concerned about training and teaching — which is discipline.

### IS GUIDING PROCESS

Discipline is a guiding process on the part of parents and a learning process on the part of the child. Discipline is a long term plan for developing a child. Discipline teaches when it works hand in hand with the child's growth and development.

### PYROKERAM IN KITCHEN

Pyroceram has recently arrived in American kitchens by way of the nose cone of a missile.

Experiments to find a glass-like substance that can be subjected to extremes in temperatures resulted in a ceramic-like product. This is what scientists wanted for the nose cone.

### PYROKERAM STANDS RAPID TEMPERATURE CHANGES

Pyroceram stands rapid temperature changes, and it is a smooth, glass-like feel. Yet, it is stronger than glass, resistant to scratching and breaking, and has an attractive pure white appearance. Characteristics which make pyroceram ideal for nose cones also make it valuable for other uses.

### COOKING UTENSILS

Cooking utensils are being made of pyroceram. A casserole may be converted into a saucier simply by locking a separate handle into position. The smooth, gleaming white surface with a decorative trim makes attractive utensils. Performance is just as appealing as appearance.

Utensils of pyroceram stand hard use, resist scratching, are easy to clean, and can take extremes in temperatures. For example, a casserole may be taken from the freezer and placed in a hot oven, or a coffee pot may be removed from the heat and doused into cold water without danger of breaking.

Pyroceram will be used in other ways as producers experiment with it. Some test models of ranges have pyroceram cooking tops, and some foods may be placed directly on the smooth, easily cleaned surface, eliminating use of cooking pans.

### NAMED SUPERINTENDENT

PITTSBURGH (AP) — Howard N. Hubbard has been named general superintendent of the Fairless Works of U. S. Steel Corp.'s National Tube Division in Fairless Hills, Bucks County.

Hubbard will assume his new post Jan. 1. He succeeds Alvin J. Scheel who is moving to National Tube's Lorain (Ohio) Works as assistant general superintendent. Hubbard has been assistant general superintendent of National Works at nearby McKeesport, Pa., since July 1, 1957.

The article telling of Forbes' experiences is accompanied in the December issue of "Civil War Times" with a series of Christmas illustrations drawn by artists of the period.

VATICAN CITY (AP) — Pope John XIII, his left jaw slightly swollen from extraction of two teeth, Wednesday addressed 2,000 persons in general audience at length and wished them a Merry Christmas.

The weather man has again entered the produce picture just as reports from Arizona and California had indicated one of the best lettuce crops in years. Freezing temperatures in these growing areas have resulted in considerable loss and will be reflected in higher lettuce prices. The arrival of heavy snow is expected to terminate the cauliflower harvest on Long Island, boosting prices on this item.

Among the better buys in vegetables, look for green beans, cabbage, cucumbers, radishes, parsnips, turnips, spinach, onions and potatoes. Celery, sweet corn, carrots, broccoli, Brussels sprouts and tomatoes are available, but at slightly higher prices than noted in recent weeks.

**FRUIT PRICES HOLD**

Fruit prices persist for fresh fruits as supplies are scheduled to market to satisfy demand.

Quality is improved on Florida grapefruit which now is reaching full maturity. Small sizes continue as the best buy in oranges and the Hamlin, Navel and Pineapple varieties are generally

available. Temple oranges, tangerines, tangelos, and kumquats are coming to market now.

Large size apples are in greatest supply and the Rome Beauty and Stayman varieties are still available at reasonable prices.

Red Delicious apples appear to be disappearing fast. Cranberries and Emporer grapes continue as good buys; pears, pineapples and bananas are available in limited supply and prices are generally higher.

Eggs have bumped another price ceiling of consumer resistance in recent weeks and appear to have stabilized at the lower levels now noted. Snow-clogged farm lanes may cause a shortage in supplies to change this situation by the weekend. The medium size eggs hold the best buy position in the present price structure.

Poultry is in good supply at this time of year when demand is usually weaker. With good supplies available, look for fryers and stewing chickens to be in the good buy category. Store specials will make them even more attractive.

Forrester beef and fresh pork items, namely fresh picnics and loin cuts, will be featured at attractive prices in many meat displays. Pork chops will be displayed in various size assortments for your selection. The price per pound will usually adjust with the proportion of meat to bone offered in each case.

Chuck roasts of beef and shoulder cuts of lamb will wear attractive price tags.

**PLenty of SEA FOOD**

Fish departments will carry crab meat, scallops, sea trout,

shrimp and whiting in good seasonal supply and at reasonable prices.

Oyster supplies are reaching the seasonal peak and prices are about as low as they are expected to get in the foreseeable future.

Forrester beef and fresh pork items, namely fresh picnics and loin cuts, will be featured at attractive prices in many meat displays.

Pork chops will be displayed in various size assortments for your selection.

The price per pound will usually adjust with the proportion of meat to bone offered in each case.

Chuck roasts of beef and shoulder cuts of lamb will wear attractive price tags.

**PLenty of SEA FOOD**

Fish departments will carry crab meat, scallops, sea trout,

shrimp and whiting in good seasonal supply and at reasonable prices.

Oyster supplies are reaching the seasonal peak and prices are about as low as they are expected to get in the foreseeable future.

The weather man has again entered the produce picture just as reports from Arizona and California had indicated one of the best lettuce crops in years.

Freezing temperatures in these growing areas have resulted in considerable loss and will be reflected in higher lettuce prices.

The arrival of heavy snow is expected to terminate the cauliflower harvest on Long Island, boosting prices on this item.

Among the better buys in vegetables, look for green beans, cabbage, cucumbers, radishes, parsnips, turnips, spinach, onions and potatoes. Celery, sweet corn, carrots, broccoli, Brussels sprouts and tomatoes are available, but at slightly higher prices than noted in recent weeks.

**FRUIT PRICES HOLD**

Fruit prices persist for fresh fruits as supplies are scheduled to market to satisfy demand.

Quality is improved on Florida grapefruit which now is reaching full maturity. Small sizes continue as the best buy in oranges and the Hamlin, Navel and Pineapple varieties are generally

available. Temple oranges, tangerines, tangelos, and kumquats are coming to market now.

Large size apples are in greatest supply and the Rome Beauty and Stayman varieties are still available at reasonable prices.

Red Delicious apples appear to be disappearing fast. Cranberries and Emporer grapes continue as good buys; pears, pineapples and bananas are available in limited supply and prices are generally higher.

Eggs have bumped another price ceiling of consumer resistance in recent weeks and appear to have stabilized at the lower levels now noted.

Snow-clogged farm lanes may cause a shortage in supplies to change this situation by the weekend.

The medium size eggs hold the best buy position in the present price structure.

Poultry is in good supply at this time of year when demand is usually weaker.

With good supplies available, look for fryers and stewing chickens to be in the good buy category.

Store specials will make them even more attractive.

**RUSSIA CASTS  
92ND VETO IN  
U.N. COUNCIL**

By TOM HOGE

UNITED NATIONS, N. Y. (AP) — The Security Council wound up its Congo debate early Wednesday by killing off rival East-West proposals for dealing with the crisis. Ceylon pulled back its compromise plan to spare it from a similar fate.

The explosive issue now will be dumped into the lap of the General Assembly where weary delegates are striving to finish the first half of the session by next Tuesday.

The Soviet Union cast its 92nd veto to defeat a Western resolution by Argentina, the United States, Italy and Britain which called on Secretary-General Dag Hammarskjold to continue his efforts to restore order in the Congo.

## REJECT RED DEMAND

The West in turn voted down a Soviet demand that Patrice Lumumba, deposed Congo premier, be released from imprisonment at once, and that the Congo army chief, Col. Joseph Mobutu, disband his forces. The vote was two in favor with eight against and one abstention. The Soviet Union and Poland voted for the proposal. Ceylon abstained.

A Soviet attempt to change drastically the wording of the Western resolution with a series of amendments was roundly defeated.

A last-minute resolution by Poland which merely called for the freeing of Lumumba was defeated by a vote of three in favor, six against and two abstentions.

The marathon session which wound up at 3:41 a. m. EST ended with a bitter clash between the United States and the Soviet Union.

**PART OF GLASS  
PLANT IS RAZED**

POINT MARION, Pa. (AP) — Fire on Wednesday destroyed one of three sections of the sprawling Houze Glass Co. plant in this Fayette County community.

Company officials declined to give an estimate of damages, but an informed source said it would take \$3 million to replace the 18 large tanks used to hold molten glass.

Plant employees and over 100 firemen from four nearby towns battled the fire for some three hours in 15-degree weather. They were able to halt the flames five feet away from another section of the plant in which explosives were stored.

Firemen said the fire apparently was started by a pot-belly stove which night-shift workers used to keep warm. Firemen didn't know immediately how the stove started the fire.

A research laboratory, offices and two plant sections escaped the flames.

The plant employs about 150 workers.

The destroyed section was part one-story and part two-story. It was frame and brick.

ZONGULDAK, Turkey (AP) — Twelve miners were dead and 55 trapped far below ground Tuesday by a gas explosion in a coal mine near this Black Sea coast city.
